

# Free Christmas Printable - Paper baubles

Print on A4 thick paper or thin card.

Cut each design out.

Choose two designs and glue them back to back.

Make a small hole and thread string or ribbon through to hang up.

OR

Cut each design out.

Fold each circle in half vertically. (pattern side down) and use your fingers to create a neat crease down the middle.

Make sure that the fold is equal. as you do not want to see the plain underside of the paper once your baubles are assembled

Glue one entire side of a semi-circle and attach it to another. Keep going until you have three semi-circles neatly glued to each another.

Cut off a small loop of ribbon or string and glue it near the spine of the decoration.

Glue the rest of your semi-circles on then glue together the two remaining edges.

These designs are for personal use only. They are not to be reproduced, altered or sold in whole or in part.
